COVID-19 SABIC Letter to Suppliers, Business Continuity

Dear Valued Supplier,

As the COVID-19 outbreak continues to affect the global community we want to assure you that, as a company, SABIC is prepared. We are continually monitoring and responding to the situation and ensuring, first and foremost, the continued health and safety of our employees, suppliers, clients and partners.

We have activated a global COVID-19 Core Crisis Management Team that has the authority to determine company policies, coordinate infection prevention measures, direct local crisis management teams and ensure the continuity of operations in full compliance with the guidance provided by the World Health Organization (WHO) and local governmental and regulatory authorities.

With your support we are currently maintaining our sourcing, production and supply with minimal interruption in all regions globally and we continue tracking any potential impact and mitigating risks, and will keep all communication channels open with you to eliminate or minimize any potential disruption to both your and our operations. We expect the same cooperation from you.

Please rest assured that while we are dealing with the outbreak we are doing everything we can to minimize the impact.

We thank you for your continued partnership and assure you that the health and safety of our employees, suppliers and communities are our priority.

Yours sincerely,

Abdullah M. Al Garni
General Manager, SABIC Global Procurement
