The deadlines for progress and financial reporting, as well as any required Specific Award Condition (SAC) reporting, remain in effect. The lapse in appropriations does not extend any reporting deadlines, and EDA will continue to receive reports as scheduled.

If you have urgent reporting questions or if the lapse in appropriations has caused a financial hardship or other hardships affecting your ability to report on time, please contact the appropriate EDA representative listed below based on the three-letter office identifier in your award number. Be sure to include your award number in your email.

- HDQ, OIE, or RNA: Chivas Grannum at CGrannum@eda.gov
- ATL: Sheba Person SPerson@eda.gov
- AUS: Matthew Giannini at MGiannini@eda.gov
- CHI or PHI: Susan Brehm SBrehm@eda.gov
- DEN or SEA: Ashley Zuelke AZuelke@eda.gov

Finally, please note that recipients can continue to incur allowable costs within the approved budget of an active award. If you have questions, please contact the appropriate point of contact listed in the bullet points above based on your award number.

Thank you,
