Continue Normal Operations During Federal Shutdown

Wednesday October 1, 2025

Subcontractors:

An agreement to fund the federal government has not been reached, forcing a shutdown of some federal agencies and other government functions.

Sandia will continue normal operations in the short-term. All subcontractors should continue to work according to the terms of their subcontract, unless notified otherwise by their Subcontracting Professional.

Please contact your Sandia Delegated Representative (SDR) with questions.

Krista Smith

Director

Supply Chain

Sandia
National
Laboratories

Sandia National Laboratories is a multi-disciplinary research and development organization managed and operated by National Technology and Engineering Solutions of Sandia LLC, a wholly owned subsidiary of Honeywell International Inc. for the U.S. Department of Energy.
National Nuclear Security Administration under contract DE-NA0003526. 94403000-104708
